

PROFILE

- Permanent Residence - Germany
- sejalvaidya.com
- github.com/sejalv
- Speaker & mentor for tech communities in Berlin: featured in podcast interviews and workshops

SKILLS & COMPETENCIES

- Platform & Infrastructure
 - AWS, GCP, Airflow, Kafka, Terraform, Docker, Kubernetes, Grafana, Prometheus, GitOps
- Data & ML Engineering
 - Python, Sagemaker, MLflow, FastAPI, Databricks, Spark, DVC, Feast, scikit-learn, Dask
- Analytics
 - SQL, DBT, Snowflake, BigQuery, Redshift, Metabase, Tableau, Mixpanel, PostHog, Growthbook
- Strategy & Management
 - Product Roadmapping, Stakeholder Management, Agile Delivery

SUMMARY

With 15+ years of experience across e-Commerce, Digital Health, and FinTech, building data & ML platforms to drive pricing experimentation, empower healthcare research, and improve product adoption at scale. Proven track record in delivering robust production ML systems & user-centric data products, cross-team enablement, and shaping data strategy for product innovation & business growth.

WORK EXPERIENCE

- Data Engineering & MLOps , Berlin DE FEB 2024 - PRESENT Consulting
 - Consulting growth-stage startups across e-Commerce, Digital Health, and Energy, on data strategy and infrastructure for data & ML products
 - Building decisioning systems and platform foundations for growth optimization, personalisation, and product experimentation
 - Exploring Agentic AI & LLM-based tooling for production readiness patterns
- Staff Machine Learning Engineer , Berlin DE SEP 2022 - NOV 2023 Zalando | e-Commerce
 - Built data products and ML pipelines for price optimization, driving 10% increase in product purchases by effectively measuring pricing impact on user behaviour
 - Scaled A/B testing infrastructure for dynamic pricing experiments, ensuring reliable event tracking and ML model observability to measure demand elasticity
 - Collaborated with Product & Data Science to define success metrics for pricing models
- Lead - Data & ML Platform , Munich DE JUN 2020 - SEP 2022 Temedica | Healthcare
 - Led the design of a Healthcare data platform for patient journey research, facilitating discovery of high-impact features from public health & behavioural data
 - Managed the data product lifecycle of analytics platforms, delivering major Pharma clients with insights on drug efficacy and market adoption
 - Built NLP services for Sentiment Analysis & Topic Modeling from clinical trials, and guided a team to develop monitoring frameworks for drift detection
 - Defined data roadmap aligned with Product, Data Science, & Engineering, and introduced platform standards with IaC and CI/CD for ML
- Senior Data Engineer , Munich DE OCT 2018 - MAY 2020 Freeletics | Fitness
 - Redesigned data platform for real-time analytics on fitness journeys of 39+ MM users, with event-driven architecture in AWS for low-latency feature computation
 - Enhanced ML models for personalized fitness plan recommendations, achieving a 30% increase in user engagement by refining feature selection
 - Collaborated with Product and Marketing to define key retention metrics, and enabled self-service dashboards to analyze trends in user behaviour
 - Mentored juniors and led workshops on data engineering best practices
- Senior Software Engineer , Mumbai IN APR 2015 - MAR 2017 LexisNexis Risk Solutions | Insurance
 - Developed data products for Fraud & Risk Analytics in Life & Health Insurance space
 - Designed systems for information retrieval, pseudonymized identity linkage with NER, anomaly detection for claims; & aligned on data product requirements with US teams

SEJAL VAIDYA

📍 Berlin, Germany

🌐 [linkedin.com/in/vaidyasejal](https://www.linkedin.com/in/vaidyasejal)

EDUCATION

University of Mumbai, India

2006 - 2009

Bachelor of Science (B.Sc.) -
Information Technology

LINKS

🌐 sejalvaidya.com

🌐 github.com/sejalv

🌐 [linkedin.com/in/vaidyasejal](https://www.linkedin.com/in/vaidyasejal)

WORK EXPERIENCE (cont.)

- **Business Intelligence Engineer**, Mumbai IN FEB 2013 - MAR 2015
JP Morgan Chase Services | Finance
 - BI reporting mechanisms & data models for Credit Risk, Finance & Marketing Analytics
- **Data Analyst**, Mumbai IN DEC 2009 - FEB 2013
HERE Technologies | Navigation Maps
 - Data management, Quality Analysis & Test automation for GPS Maps

COMMUNITY & MISC. PROJECTS

- - Co-Instructor, [MLOps Zoomcamp](#) and [Data Engineering Zoomcamp](#) (DataTalks.Club), 2020 - 2022: 20k+ enrollments; topics include model deployment, monitoring, and ML lifecycle
 - Speaker & workshop facilitator, 2020 - 2022: [containerized ML deployment with AWS Lambda](#), podcast interviews on trends in [production ML practices](#) and [data engineering](#).
 - Writer at Towards Data Science, and other publications
